

"**NUVOZA**" is the brand run by M/s **Suresh Raj Industries**. We are an emerging leader in the field of Stretch Films, dealing in wide variety of Stretch Films. We offer a complete range of quality cast and blown stretch films, designed to meet all kinds of applications and requirements. Our films are engineered to minimize the packaging costs while retaining a secure, high quality wrapping.

Our range of Stretch Films is as follows:

Nuvoza Hand Grade Film (NVHG) : Available in various widths, thicknesses and coils, it is used for manual wrapping.

Nuvoza Machine Grade Film (NVMG) : Designed for Semi and Fully Automatic Stretch Wrapping Machines with stretch capacity up to 300% (depending on film thickness).

NuvoLite Stretch Film : 9 microns film designed for Manual and Semi Automatic Stretch Wrapping Machines without pre-stretch unit. Providing maximum yield with stretch capacity up to 100%

Nuvoza's Special Stretch Film Range

Nuvoza completes its wide range of stretch films by offering products designed for special applications.

Nuvoza Elite : Special machine grade film available in 18, 21 and 25 Microns. A high performance film, designed for Semi and Fully Automatic Machines with stretch capacity up to 280% (depending on film thickness).

Nuvoza Tycoon : Custom made machine grade stretch film for Online Stretch Wrapping Machines. The highest level in our power stretch film ranges to a stretch ratio above 300% (depending on film thickness).

STRETCH FILM

RANGE AND TECHNICAL SPECIFICATIONS

Nuvoza offers a complete range of Stretch Film grades. Please see below the most common products of our range.

Applications and Technical Specifications

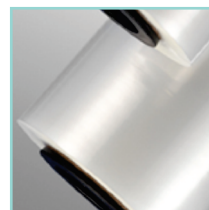

Stretch Film for Hand Applications:

Type	Thickness	Std. Width	Std. Weight	Core ID	Reels/Carton	Application
NVH	9-35 µm	450 MM	4 Kg	50 MM	6	Hand

*Other widths available: 200mm - 1500mm
Weight / Reel can be changed as per customer requirement
Reels/ Carton can be customized as per customer requirements
Strict compliance with the film thickness and width is guaranteed*

Stretch Film for Machine Applications:

Type	Thickness	Std. Width	Std. Weight	Core ID	Stretch %	Application	Suitability for BANDMA Wrapping Machine Type
NVSM	9 µm	500 MM	15 Kgs	76 MM	> 100%	On Semi Auto Stretch Wrappers without pre-stretch carriage. Suitable for material weighing less than 100 Kgs.	BD SW1: Semi Auto Box Wrapping Machine without pre stretch unit.
NVHG	12 µm 15 µm 18 µm	500 MM	15 Kgs	76 MM	~ 200%	On Semi Auto Stretch Wrappers. Suitable for material weighing more than 300 Kgs.	BD BSW: Semi Auto Box Wrapping Machine with pre stretch unit and mechanical & electronic brake system.
NVMG	23 µm 29 µm	500 MM	15 Kgs	76 MM	250% ~ 300%	On Semi Auto Stretch Wrappers with motorised pre-stretch carriage.	BD Pallet Wrapper, BD Reel Wrapper, and BD Orbital Wrapper: Semi and Fully Auto Box Wrapping Machine with pre stretch unit and mechanical & electronic brake system.
NVSF	18 µm 21 µm 25 µm	500 MM	15 Kgs	76 MM	< 300%	On Semi Auto and Fully Auto High Speed Stretch Wrappers with motorised pre-stretch carriage. Suitable for material load exceeding 800 Kgs	BD HPW, BD HRW, BD HOW: High Speed Semi and Fully Auto Box Wrapping Machine with pre stretch unit and mechanical & electronic brake system.
NV Tycoon	35 µm 50 µm 70 µm	500 MM	25-50 Kgs	76 MM	< 375%	On Online Wrapping Machines with auto pasting and auto cut mechanism	Online Radial Stretch Wrapper, Online Rotary Arm Stretch Wrapper
